 Ultimate Comfort System[™] model

 iComfort[®]-enabled model

¹ Based on sound pressure levels during operation of CBX40UHV-36 with factory installed MERV16 Precision Pleat[™] media filter and leading competitive three-ton units at equivalent external static pressure when set up per section 4.5.3 of AHRI's test standard, AHRI 260-2001; and efficiency (CFM/Watt) ratings established per AHRI's test standard: ANSI/AHRI 210/240-2008.

² Covered components may be eligible to receive a 10-year limited warranty. Online equipment registration at www.lennoxregistration.com is required within 60 days of installation (except in California and Quebec) or Lennox' base warranty will apply. Applies to residential applications only. See actual warranty certificate for details.

NOTE: Due to Lennox' ongoing commitment to quality, all specifications and ratings are subject to change without notice. Warranties noted apply to residential applications only. Please see actual warranty certificate for details. Always verify actual system efficiencies through AHRI or by visiting AHRI ratings database at www.ahridirectory.org.

ELITE[®] SERIES

True to their name, Elite[®] Series air handlers are a cut above. Advanced Lennox engineering combines with high-quality components to allow efficient circulation of air, which helps enhance comfort and lower utility bills.

MERIT[®] SERIES

The perfect combination of efficiency and economy, air handlers in the Merit[®] Series are built with smart designs and thoroughly tested to provide years of reliable performance.

Elite[®] Series

CBX32M	CBX27UH
Efficient air handler for virtually any installation	High-efficiency, dependable air handler
High-efficiency evaporator coil	SEER-enhancing fan motor
Direct-drive motor with 3 fan speeds for comfort	High-efficiency evaporator coil
TXV refrigerant control	Constant-torque motor with 5 fan speeds for consistent comfort
Insulated cabinet	TXV refrigerant control
